To whom it may concern.

Re: Jones & Woolman Limited

FKRS are a specialist contractor providing total envelope solutions to a prestigious client base from a multitude of industry sectors, all demanding a wide range of building solutions.

Jones & Woolman have been one of our supply chain partners since 1991, initially providing a system for roof penetrations which FKRS adopted from then, as the only system to be installed on our projects, due to its excellent design and flexibility of installation.

Since then Jones & Woolman have provided additional services such as bespoke solutions to complex weathering details and elaborate fascia designs, as well as maintaining the high level of service provided on the fabric penetrations.

We would have no hesitation in recommending Jones & Woolman, and should you wish to discuss the above further please do not hesitate to contact the writer.
